

# Series 70 - Recess Track

Series 70 – Recess Track is designed for top fixing directly into the Gyprock ceiling lining, with the edge of the Gyprock sitting on the flange of the track, so the curtain appears to fall directly out of the ceiling.

## FEATURES

- Pre-drilled every 150mm for ease of fixing through the track.
- Small overall dimension so not visible within the room, but strong enough to handle medium to heavy curtains. Suitable for both conventional and S-Wave curtains

- Bent to a tight radius of 150mm
- Track length 5.8m can be butted together for longer installations.
