

Series 79

Domestic Custom Tracking System

Can be used for S-Wave and Conventional Curtains

Oslo Tamana is a versatile domestic tracking system suitable for most curtain weights. It can be cord and hand drawn around bends making it ideal for bay and corner window applications.

Oslo Tamanna is available as a single, double, or triple track which is supported by a range of strong brackets fitted with die cast locking cams for easy installation. Available with a choice of slides or wheeled carriers that ensure smooth operation.

Available as custom made to measure or bulk components in white, Birch White, Beige and Platinum.
